

# Makate Surprise Moeng

## ABOUT

A Systems Engineer graduate with a diploma in Information Technology, seeking a challenging career at an organization, where I could utilize my technical skills and knowledge. I consider myself as vibrant, hardworking, willing to learn and listen to other people ideas.

In short, I am a Proactive, Innovative and Problem solver with strong attention to detail and eager to expand on the knowledge I currently have. I have a comprehensive understanding of the ability to work within a team as well as cross-team, how to build strong relationships, taking initiatives and effective communication skills. I also have experience in learning and applying new technologies as appropriate.
